This caused much remark and speculation on the part of the townspeople, who
inquired whether King Oscar had in any
way offended President Roosevelt, that
he had ordered his consul to refrain from
joining in the celebration.
The paper calls attention to the fact that
Mr. Bergh is a Norwegian by birth, but
does not think that he is thereby excused,
in view of the position he occupies. Assistant Secretary Loomis has decided to

Commercial Associations of St. Louis, Chicago and Cincinnati Decide to Urge Action From President.

Regard action contemplating the removal of freight-rate discriminations, in favor of New York, to Southeastern points, a definite policy was decided upon yesterday at a conference held in the office of the St. Louis Business Men's League. The participants in the conference were E. E. Williamson, commissioner of the Receivers and Shippers' Association of Cincinnati, H. C. Barlow, manager of the Chicago Shippers' Association, and A. F. Versen, secretary of the St. Louis Traffic Bureau, who comprise the special committee which was chosen at the Chicago meeting on July 25 to obtain referse for Cincinnati, Chicago and St. Louis.

New York has trade advantages in the Southeast as a result of discriminative freight rates. These advantages are disparaging to the large cities which lie nearer to the Southeastern markets than does Southeast as a result of discriminative freight rates. These advantages are disparaging to the large cities which lie nearer to the Southeastern markets than does New York.

The object of the campaign is to have the rates so equalized that St. Louis, Chemmati and Chicago will have each its rightful opportunity and facilities in the Southeast. The committee representing the associations of the three cities does not intend to bring the question of Federal regulation of railroads into this matter, but attempts only to get justice.

The Southeastern rate situation was discussed fully. Mr. Bariow offered a resolution, which was adopted, urging the Business Men's League and the Merchant's Exchange of St. Louis to prepare a memorial for submission to Fresheatt Hoose velt advocating immegiate action by the Government on the petition from the Receivery and Shippers' Association of Cincinnatt for removal of discriminations. The resolution also provides that the two commercial organizations of St. Louis and the Reverend Edgar Watson was elected statistical secretary. The following resolutions were introduced and unanimously adopted:

TO ABANDON ELLIS ISLAND. Immigrant Station May Be Moved to New Jersey Site.

REPUBLIC SPECTAL.

REPUBLIC SPECIAL.

New York, Aug. M.—Hundreds of theoresards of persons will hear with a directly personal interest that the Government is considering the abolition of Ellis Island as an immigrant station. Few spots in America have a greater sentimental, er, for that matter practical, interest than the bit of an island in the north shadow of the Statute of Liberty.

It can be said that the Government has not cone further than considering, although there is prospects of more substantial steps.

The talk is that the present buildings on Ellis Island may be devoted to hospital purposes, and a site obtained for a new jerney.
